### Specification

Model No. & Description	VC301 Wireless PIR Lighting Camera
Power Requirement	AC 120V / 60Hz (US) / AC 230 / 50Hz (EU)
Lighting load	Max. 150W Halogen bulb
PIR Detection coverage	Up to 110° x 12M at 20çJ
Wall Switch function	On/Off/Manual Override
Lighting on dwell time	5Sec./1Min/5Min/10Min Selectable
Camera Type	Color CMOS
TV System	PAL / NTS ; 320 TV line resolution
Pixel Array (H x V)	PAL 628 x 582 / NTSC 510 x 492
Lens & angle	f=4.4 F=2.0 / 56° diagonal
Microphone	Built-in
Operating frequency	2413 ~ 2470 MHz
Protection Degree	IP44

### Specification

Model No. & Description	VR121 Wireless Audio/Video Receiver
Frequency Range	2413 ~ 2470 MHz
Channel	4
Operation Range	100M
Power	DC9V, 300mA

**Standard Package includes :**

1\* VC301 Wireless PIR Lighting Camera  
1\* VR121 Wireless Audio/Video Receiver  
1\* Adaptor for VR121  
1\* RCA or SCART to RCA cable  
Fixing & Instruction
